group

## Application

The Deposit note is characterized by its clear and compact design and enables fully automatic counting and safeguarding of large stocks of banknotes. The use of proven and high quality individual components ensures reliable and safe counting.

Counterfeit banknotes will be rejected and returned. A receipt printer documents all pay-in processes on the machine with TAN and/or barcode.

## Equipment / Features

- Receipt printer with graphical capability
- 7 inch colour display with touch function
- UPS backed industrial computer with LAN and USB-interfaces
- Robust housing guarantees optimal protection against forced opening
- Linking with existing back-office applications possible (on request)
- Cash removal through cash transport provider acceptable
